

Application for Floodplain Development Permit

113 W. Mountain St, Fayetteville, Arkansas 72701

A/P Number: _____ Subdivision Name: _____ (Please Print) Lot #: _____

Site Address: _____

Property Owner: (Please Print) _____ Mailing Address: _____ Phone: _____

Email Address: _____ Cell Phone: _____

List the company or firm performing survey to establish BFE benchmark on site:

Company _____ Mailing Address: _____ Phone: _____

Representative: (Please Print) _____ Email Address: _____ Cell Phone: _____

Has a benchmark for the Base Flood Elevation (BFE) been established on site?

Has benchmark for the Lowest Finished Floor Elevation been established on site?

Project Information:

Structural development:

Type of Structural Activity:

Other Development Activities:

- Residential
- Multifamily
- Non-Residential
 - Elevated
 - Floodproofed
- Manufactured Home

- New Structure
- Addition to Existing Structure*
- Alteration of Existing Structure*
- Relocation of Existing Structure*
- Demolition of Existing Structure
- Replacement of Existing Structure

- Excavation
- Clearing
- Fill material
- Grading
- Mining
- Drilling
- Dredging
- Watercourse alteration
- Drainage improvement
- Roadway/bridge construction
- Utility work
- Other development

*Estimate Cost of Project _____

If the value of an addition or alteration to a structure equals or exceeds 50% of the value of the structure before the addition or alteration, the entire structure must be treated as a substantially improved structure. A relocated structure must be treated as new construction.

Flood Information for Proposed Development:

Check here if submitting an Elevation Certificate based on Construction Drawings in lieu of filing out this section.

1. FIRM map panel: _____

2. FIRM date: _____

3. Flood Zone: _____ (A, AE, X, or shaded zone X)

4. Is the proposed development located within a "regulatory floodway"? If Yes, submit a No Rise Certificate with application.

Structures must be elevated two feet above the base flood elevation.

5. Base flood elevation at the site: _____ MSL

6. Vertical datum used in the Flood Insurance Study, on flood maps and in surveys is: _____

7. Source of the base flood elevation (BFE)

- Flood Insurance Study Profile # _____
- FIRM (flood map)
- Other source of BFE (specify): _____

8. Proposed lowest floor elevation (including utilities): _____ MSL

The following documents may be required. Check applicable.

- An Elevation Certificate* - required for all structures
 - A Floodproofing Certificate* - required if floodproofing a non-residential structure
 - A No-Rise Certificate* - if the proposed development is in a "regulatory floodway"
 - An elevation study showing BFEs on developments exceeding 50 lots or 5 acres in Zone A.
 - A copy of a 404 Permit from the U.S. Army Corps of Engineers if required
 - A copy of Wetlands Permit from the U.S. Army Corps of Engineers if required; and other local, state, federal permits.
- *Certificates require completion by a Professional Land Surveyor or Registered Professional Engineer, as indicated.

Signature of Owner/Contractor/Authorized Agent: _____ Date: _____
