

*Office of the Mayor*  
*City of Fayetteville*  
**Proclamation**

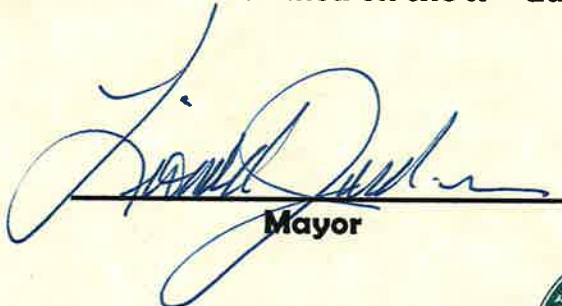

- WHEREAS:** Fayetteville has committed to an Energy Action Plan with 100% clean energy in city operations by 2030 and 100% community-wide clean energy by 2050, and
- WHEREAS:** solar entrepreneurs in our city and region contribute to a healthy local economy while reducing costs to others known as negative externalities and solar customers create long-term infrastructure that will benefit generations to come, and
- WHEREAS:** costs for rooftop and community solar installations have decreased greatly in recent years and are economical now and becoming more so every year, and
- WHEREAS:** pollution from burning fossil fuels damages our air and water resources with negative consequences to the health and wellbeing of our community, and
- WHEREAS:** one way that faith groups like Good Shepherd Lutheran Church can take seriously their commitment to care for creation is to install solar generation to meet their annual electric demand and be good and loving neighbors.

**NOW THEREFORE, I, Lioneld Jordan, Mayor of the City of Fayetteville, Arkansas do hereby proclaim Sunday, June 17, 2018 as**

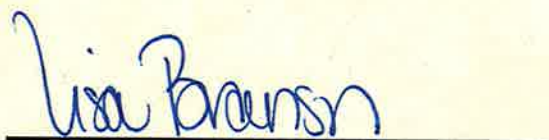

**"Switch to 100% Solar Electricity Day"**

in Fayetteville, Arkansas and encourage residents to recognize the positive impact of investments in solar PV on our community, to encourage those who would invest in rooftop, community, and commercial solar using net metering to economically reduce their dirty power consumption and thereby reduce toxic and carbon emissions to our air.

**IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Fayetteville, Arkansas to be affixed on the 17<sup>th</sup> day of June, 2018.**
